SECOND SESSION—WEDNESDAY MORNING

10. The morning devotional service was led by Harry Kern of Gerber.

11. President Snape named the following as members of a social service committee: Rev. Roy H. Barrett, Petaluma, chairman; Rev. C. R. Eastman, Turlock; Rev. J. N. Garst, Oakland; Dr. E. A. Hanley, Berkeley.

12. Dr. C. W. Brinstad was called upon and introduced the new workers who have come into the field since November, 1920, which was the last Convention at which new workers had been introduced. About fifty were present and were presented to the Convention. The response on behalf of these new workers was made by Rev. R. D. Licklider of Powis Memorial Church, Fresno, at the close of which all of the new workers sang "Hold the Fort."

13. The Board of Education, through Dr. C. H. Hobart, submitted their report on the standardization of the ministry as follows:

"In order to encourage young men entering the Christian ministry to make the best possible preparation and to maintain a worthy and well-qualified ministry, to protect the Ministers' and Missionaries' Benefit Board, we recommend:

1. That all candidates for the Baptist Ministry within the bounds of the State Convention complete a two-years' course of study, including the following subjects:

(a) A study of some standard textbook on the English language.

(b) A course in the English Bible.

(c) Biblical Theology.

(d) Baptist Principles and History.

(e) Homiletics.

(f) Modern Missions.

(g) Religious Education.

2. That the examination in this course be conducted by the Educational Board of the State Convention in such manner as the Convention may deem best. It is suggested that these examinations be conducted in harmony with the Northern Baptist Convention.

3. That where a church wishes to call an unordained man he be licensed to preach by the local church until he has completed his course of study, but not to be ordained until he has completed such course of study.

4. We further recommend to all ordination councils within the bounds of the Northern California Baptist Convention and strongly recommend to all candidates for the ministry that they qualify therefor by a full college and seminary course or the full equivalent as the educational standard."

"1. That the State Convention publish as in good denominational standing the names of such ministers only as have associational standing.

2. That every Association, where practicable, have a committee on standing; this committee to secure a list of all accredited ministers within the bounds of the Association; to safeguard, so far as possible, a pastorless church from calling an unfit man; and, when desired, to co-operate with the local church in a service of recognition for a pastor

of the church's choice, thus formally expressing associational endorsement of a pastoral relation commending itself to the Association. That Associations publish an official ministerial list every year.

3. That it be the custom for pastors coming into a new Association to bring to the committee on ministerial standing their credentials from the committee on ministerial standing in the Association which they leave.

4. That pastors going from one state to another be expected to produce their certificates of good standing before being employed by any church or other denominational unit operating within the state.

The Joint Committee recommend that such State Committee avail themselves of the assistance offered by the Publication Society in the preparation and direction of study courses for candidates for ordination who have had no seminary training."

After discussion a motion to adopt the report and the recommendations therein was carried.

14. Miss Linna Holbrook of Assam was introduced and gave a short address.

30. "Work with Rural Churches," Rev. C. H. Bancroft, Reedley.

31. "Work in the City," Dr. C. E. Tingley, Berkeley. In Dr. Tingley's address mention was made that the First Church, San Francisco, had extended a call to Dr. J. J. Ross of Chicago to become its pastor, and at the close of the address Rev. J. A. Sutherland of San Jose suggested a season of prayer that Dr. Ross might be led to accept the call. Prayer was led by Mr. Sutherland. On motion it was voted that the Secretary of the Convention be requested to send a message to Dr. Ross to the effect that we have heard with great satisfaction that the First Church of San Francisco has called him to its pulpit and to express our sincere hope that he might accept the call and assurance of our prayers for divine guidance in the matter. Such telegram was sent.

39. The motion before the house as to the adoption of the report of the secretary and also the report of the treasurer was now put to vote and was unanimously carried.

42. President Snape introduced Vice-President A. R. Heron of Sacramento, who presided through the session.

On motion the changes were adopted.

44. Duet by Rev. and Mrs. Ralph N. Rowe of Los Gatos.

FIFTH SESSION—THURSDAY MORNING.

48. Morning Prayer led by Rev. F. L. Hunt, King City.

49. Rev. V. H. Cowsert of Clovis called attention to the notice given at the last annual meeting providing for an amendment to the Constitution as follows:

To amend Article VII, Section 5, by adding thereto the words, "and it is further provided that only one member from any individual church shall be eligible to membership on the Board of Directors or nominated by the committee." On motion by a rising vote the amendment was adopted.

50. On motion it was ordered that the Nominating Committee bring in the names of three members to represent the Baptists on the Executive Board of the State Sunday School Association.

51. The report of the Nominating Committee was called for but inasmuch as the Constitution had been amended in a way that would make ineligible for election one of the names on their report, the matter was referred back to the committee.

52. The Committee on Enrollment reported 79 churches represented; enrollment of delegates by associations as follows: Central 24, Clear Lake 9, General 5, Pacific 10, Sacramento 41, Sacramento River 36, San Francisco Bay 62, San Joaquin 33, San Jose 32, Swedish 4; total delegates 256, total number of visitors 30, total registration 286; registration classified as follows, pastors 42, women 120, laymen 94. The report was on motion adopted.

53. The Committee on Resolutions submitted their report and on motion it was voted that action and discussion on the report be ad seriatim on the several resolutions included. The following resolutions were then presented and adopted:

"Resolved, That we endorse the Wright Bill, the purpose of which is to maintain the Constitution of the United States in the enforcing of the Eighteenth Amendment through the regular state officers of the law, co-operating with federal authorities for this particular purpose.

"Resolved, That we earnestly urge all our pastors and people to use their utmost diligence in securing victory for this Wright Bill in the interest of law and order.

“Resolved, furthermore, That all eligible men and women be sure to register.”

“Whereas, Through the service of the Near East Relief, an organization incorporated by act of Congress, the people of America are rescuing the Christian and Jewish minorities of Asia Minor from complete slavery and extinction—feeding the starving; sheltering the homeless; caring for the sick, widows and orphans; stimulating industries and agriculture, and in many ways other assisting in their repatriation, rehabilitation and re-establishment;

“Resolved, therefore, by the Northern California Baptist Convention (1) That we protest most emphatically and solemnly against the evident purpose of the Turks to annihilate the Armenian nation, and urge that our own government insist that the Republic of Armenia be given a square and fair chance for its life; (2) That we endorse most heartily the work of the Near East Relief and pledge it our active co-operation and generous support in its efforts to succor and sustain the Armenian people until they are able to accomplish economic self-support and political independence.”

“Whereas, Word has been received that a retrenchment of 20 per cent has been ordered in all the mission work of the Denomination, which in the nature of the case must result in great hardships to the missionaries and great detriment to the work of our Lord;

Therefore, be it resolved, That we record our profound regret that this step has been found necessary; that we deplore the injection of any issue that has occasioned any withholding of funds; and that we call upon all the members of our churches to renew their consecration; if haply our Lord may be entreated of us and great disaster be averted.”

“Whereas, The indulgence in outdoor games and sports is one of the greatest means of healthful recreation and a necessity to the moral well being of any community;

“Resolved, That we endorse strongly the movement of some Chambers of Commerce and Merchants’ Associations to establish a Saturday or other half-holiday when such games as baseball and other sports may be enjoyed by all the people without restraint or conscientious scruple.”

“Inasmuch as there is an increasing demand in our churches for trained leadership among men, women and the young people, we heartily commend to the confidence of our constituency the M. E. M. conference, which meets at Asil-

omar July 11,21, the Baptist Summer Assembly at the same place July 21-31 and the Women's Summer School of Missions at Mount Vernon July 8-16;

"Therefore, be it resolved, That we pastors and delegates urge attendance and secure delegates for these conferences."

"Resolved, That in view of the seriousness of religious conditions at home and abroad and of the unparalleled denominational situation, we recommend to the churches the wisdom of sending their pastors to the Northern Baptist Convention at Indianapolis in June;

"And it is further recommended that a copy of this resolution be mailed from our headquarters to the clerk of every church in the Northern California Baptist Convention with the request that it be presented to the church.

"Resolved, That we express our profound appreciation of the work of the Ministers' and Missionaries' Benefit Board of the Northern Baptist Convention and that we recommend to the churches that they include in their annual budget the premium on a pension for their pastor."

"Whereas, The churches have been signally blessed through the great work of evangelism during the past two years as it has been carried on in a statewide co-operative plan, and whereas we now have a Convention Evangelist, Rev. Arthur V. Willey, who has recently come to our field;

"Therefore, be it resolved, That we urge the churches to co-operate with him and with the evangelistic committee to the fullest extent possible that, by the hundreds, people may come to know our blessed Savior and join the ranks of His church."

"Resolved, That we express our hearty appreciation of the results of our laymen councils in seeking to define the basic objectives of our churches and the best means for attaining them and of making reports thereon as a foundation for studying how best to link their activities to the church as stewards of the manifold mercies and to serve God in their generation;

"Resolved, That our Convention take steps to assist them in these desires in the same manner as has been done in our Women, Sunday School and B. Y. P. U. organizations."

"We, the Baptists of Northern California, view with alarm the increasing use of narcotics in our beloved and other lands;

"Be it resolved, That the Northern California Baptist Convention place ourselves on record as supporting any act or acts of our State or United States to punish those guilty of vending these narcotics without authority."

"Whereas, The attendance of a large number of delegates at this Convention and the unexpected necessary arrival of so many delegates the evening preceding the Convention greatly increased the responsibility and labors of the entertainment committee of our hostess church, and

"Whereas, The entertaining church and its pastor have graciously and efficiently extended their hospitality and carefully arranged every detail for the comfort of the delegates, and,

"Whereas, The townspeople have so generously co-operated in opening their homes for the entertainment of the delegates;

"Therefore, be it resolved, That we extend to the pastor, Rev. A. D. Berry, and to the members of this church, especially the women who have labored unceasingly in our behalf, and to the citizens of Chico and the local press the sincere appreciation of this Convention for the thoughtful and kindly service which they have rendered."

The committee further presented a set of resolutions that had been presented to them by the San Jose Association but the committee refused to make recommendation concerning the same. In the discussion which followed the first and second items of the resolution were laid on the table and the third item the Convention refused to adopt.

54. The Committee on Nominations reported, presenting a printed ballot, but it was discovered that one person was named on the ballot who was inelegible because of the amendment to the Constitution adopted forbidding two members from one church. On motion the committee was directed to retire and correct its report.

55. On motion and after discussion it was voted that the President of the State Convention, the President of the Women's Baptist Mission Society, the Secretary-Director of the Women's Work, the Treasurer of the State Convention and the President of the B. Y. P. U. be made ex officio members of the Board of Directors in all departments thereof without the right to vote.

56. The Nominating Committee thereupon presented its amended report presenting the following ballot: President,

No nominations being made, it was voted that the nominations be closed. The chair thereupon appointed as tellers Rev. Albert Ehr Gott, Rev. H. C. Mathews, Rev. E. Raymond Couch and Dr. O. L. Graeber, and the ballots were distributed and after distribution voted.

57. The Committee on Place and Preacher presented its report as follows:

No church has invited the Convention for next year. We recommend, therefore, that the place for the next Convention be left in the hands of the Executive Council. For the preacher, Rev. John Newton Garst, Oakland; alternate, Rev. F. Carl Truex, Selma.

On motion, this report was duly adopted.

58. On motion, it was voted that the Corresponding Secretary send a message of confidence and sympathy to Mr. H. A. Weller of Fort Bragg.

59. Dr. Lucile Withers of China was introduced and gave an address on the work in China. Rev. E. H. Gum of Modesto asked a question of Miss Withers, making a statement that certain charges had been made by two missionaries from China against the Shanghai Baptist College. Dr. Withers replied by giving the very highest endorsement to the school and the character of the work that it is doing,

especially regarding its fidelity to the faith. Rev. O. D. McClung of Tulare asked Dr. Withers if Dr. F. J. White was the president of the Shanghai Baptist College, and when informed that he was Mr. McClung made a statement concerning the president and his splendid character. Mrs. Carrie A. Robinson, who has just returned from the Orient, also endorsed the college and its teachings.

60. Rev. E. E. Duley, Bible Worker for the Publication Society, spoke on behalf of our denominational periodicals, including the Northern California Baptist Bulletin, The Baptist, Watchman Examiner and Missions, and also in favor of the installation of church libraries.

M. Johnson, Palo Alto, as a member of the Board of Missions, and one that of Robert Porter of Salinas as a member of the same board.

62. Dr. E. A. Hanley gave a devotional address, "Fruits of the Spirit," using for his text Galatians 5:22-23.

SIXTH SESSION—THURSDAY AFTERNOON

63. Afternoon Prayer led by Rev. E. E. Duley of Berkeley.

64. Address by Dr. Alonzo M. Petty of Portland on "Stewardship."

65. Prayer by Rev. Dean Hamilton, pastor-at-large for the San Joaquin Valley.

66. Address by Chaplain W. R. Hall of the U. S. Naval Training Station, San Francisco, on "The Church and the Chaplain."

68. The Secretary at this time presented the resignation of Mrs. W. A. Low of Modesto as a member of the State Board of Education. On motion the resignation was accepted and the matter of the successor was referred to the Nominating Committee.

69. Rev. C. W. Gawthorp of the Anti-Saloon League gave an address on "The Unfinished Battle," calling for the sup-

port of the churches and Christian people in the coming election on the Wright Bill.

70. Dr. T. B. Holmes presented the report of the Stewardship Campaign, which was read by Mr. J. E. Neighbor as follows:

"Stewardship has received a new emphasis in our denomination the last few years which is inclined to give the subject the importance it deserves. We cannot continuously conduct the financial affairs of the churches by drives and other high pressure methods.

"Recent campaigns have done great good in proving to our people what can be done when we are in earnest. The New World Movement has set up new standards for our churches and we will not go back to the old days or the old ways; we are not heading in that direction.

"The stewardship campaign was put on in our Convention beginning October 1, 1921, and the work was prosecuted very largely by our Young People under the general leadership of our Director of Religious Education, Dr. M. L. Thomas. That the efforts of the Young People have been successful to a large degree is proven by the following figures:

"Previous to September 1, 1921, there were only 41 tithers recorded; 250 names have been sent in as the direct results of the labors of Dr. and Mrs. A. T. Robinson and 1125 signatures were secured by the Young People themselves, making a total of 1426.

"Our Young People are deserving of great credit for this fine piece of work.

(Signed) "T. B. HOLMES."

On motion the report was adopted.

71. The Committee on Obituaries reported that it was impossible for them to make a report because of the lack of information. Mr. Cowser moved that we ask the committee to collate the names of prominent leaders of the denomination who have passed away and that certain tribute be paid to them in our Convention minutes. After discussion the motion was amended to read "That we request the program Committee hereafter to arrange for a 30-minute memorial service at each annual session of the Convention," and was thereupon carried.

72. The Nominating Committee brought in a supplemental report suggesting the name of Mrs. C. A. Lindblom

of Turlock to take the place of Mrs. W. A. Low on the Board of Education. On motion the nominations were closed and the rules suspended and the Secretary was instructed to cast the unanimous ballot of the Convention for Mrs. C. A. Lindblom for the unexpired term of one year of Mrs. W. A. Low, resigned from the Board of Education.

73. Under "Missionary Education" was presented an address, "The Children's World Crusade," by Mrs. A. Watson Brown of Sacramento; "The School of Missions," by Rev. Roy H. Barrett of Petaluma, including discussion by several of the delegates; "The World Wide Guild," by Miss Helen Hobart. A statement was also made by Mrs. A. R. Heron about the W. W. G. work.

SEVENTH SESSION—THURSDAY EVENING

74. Evening Prayer by Rev. H. C. Mathews of Santa Clara, after which Miss Mary Myrtle Steele sang "Abide With Me."

75. Address was given by Dr. Peter C. Wright of New York.

76. Ladies' Quartet of the Chico Church sang "Holy, Holy, Holy."

77. Dr. Charles R. Shepherd gave an illustrated lecture on "The Orientals in America."

78. After prayer by Rev. V. H. Cowsert the meeting adjourned.

EIGHTH SESSION—FRIDAY MORNING.

79. Devotional Service was led by Rev. Wm. F. Zander of Glenn.

80. The Evangelistic Committee presented its report as follows:

The Committee on Evangelism, composed of the following brethren, Dr. C. W. Brinstad, Dr. John Snape, Rev. D. Carl Williams, Rev. F. Carl Truex, Rev. Bryant Wilson, Rev. J. E. Allen, Rev. Carl Vingren, Rev. William Keeney Towner, Rev. V. H. Cowsert, secretary, and Rev. Edgar H. Gum, chairman, has spent much time in thought, prayer and planning the evangelistic work of the Convention. We have recognized that evangelism is primary in all Kingdom work; that the first work in importance, in the individual Christian life as well as that of the church, is to turn faith to Jesus

Christ. With these considerations keenly in mind and upon our hearts, we want to assure the Convention we have labored with no lethargic feelings.

Preceding and during the campaign, the chairman wrote between 350 and 400 letters, but few of which were general, to the pastors and churches, urging that special meetings for soul winning be held. At first we were much stirred by a seeming lack of interest, but as the time for meetings drew on the interest grew, as evidenced by the 250 letters in reply to our appeal now in the files of the chairman. The committee desires to express its appreciation for the soulful response upon the part of all to its appeals.

We rejoice that at the first of the year we were able to secure the services of Rev. Arthur V. Willey as Convention Evangelist. In this connection we desire to express our gratitude to the Home Mission Society and to Dr. H. F. Stilwell, who is Secretary of the Evangelistic Department, for aid not only in securing Evangelist Willey, but in his support. Evangelist Willeys' work has been of very great value in holding meetings which have resulted in many conversions, baptisms and additions to the churches; also in putting on the "Win One Campaign" in the B. Y. P. U.'s, and Sunday School evangelism. He has written and sent out to all the churches the evangelistic news letters and had printed and sent out 13,993 "Decision Day," "Win One" and other cards.

It is always impossible by words or figures to give the accomplished results of a campaign of this kind, but so far as we are able to tabulate the results we find that 82 churches, in one way or another, took part; 58 churches and missions held a series of meetings and 24 more took part by using the evangelistic cards in the Sunday School and B. Y. P. U.'s. We feel confident that several others have held meetings of which we have received no reports.

The number of reported baptisms is 1249; number received by letter and otherwise 1668; total additions to the churches 3003. Only 100 churches, or 75 per cent, have reported, leaving 34 to hear from, which no doubt will bring the total up to excel any other year.

We would recommend the continuation of an evangelistic committee to be appointed by the State Mission Board; that more publicity be given in the press; that more emphasis be placed on soul winning in the regular church services both morning and evening, and that invitations be given to accept

Christ; that we seek to cultivate an evangelistic mood in all our services; that a more general use of tracts be used in our churches; that great care be used by churches in employing evangelists, and the committee stands ready to co-operate in the securing of evangelistic assistance. We recommend the continuation of pastoral exchange, but that each church should make its financial arrangements and also take an offering some time during the meetings for the general evangelistic work of the Convention. We recommend evangelistic singers be used and especially for the regular evangelists employed by the Convention Board. We recommend the holding of an evangelistic conference of all the pastors to be held in September at such a place as the committee may choose, and that the program be under their direction. (Signed) Edgar H. Gum, chairman.

REPORT OF THE BOARD OF DIRECTORS

The Baptist Denomination is attempting to work out the most delicate and difficult experiment in the history of the world, and it has not yet been demonstrated whether we shall succeed. The attempt is to harmonize the extreme independence of individuals and churches and to organize efficiently for making known the Gospel of Jesus Christ throughout the world. The Northern Baptist Convention, which is a part of the Universal Baptist Brotherhood, is seeking to make its contribution to the program of the Master since his work of redemption was completed.

The total activities of Northern Baptists are summed up in the term "New World Movement." This movement we believe had its origin in the Saviour's last commission, "Go ye, therefore, and make disciples of all nations, baptizing them into the name of the Father and the Son and of the Holy Ghost." (Mat. 28:19.) In this movement is summed up the efforts of the various organizations created for the purpose of evangelism, pastoral support for churches and missions, Christian education and other forms of philanthropy both at home and abroad. The different societies and institutions now culminating in the New World Movement had independent beginnings in various parts of the country and even now have their individual boards of managers, constitutions and by-laws. These various groups of Baptists engaged in denominational activities voluntarily surrendered their appeals for financial support to their respective constituencies and in the interest of economy and efficiency merged their needs in one composite appeal which, after the most careful surveys of their different needs, required the securing of \$100,000,000 for the period closing April 30, 1924.

This was the largest effort of a similar nature ever undertaken. When it is remembered that the scale of giving in past years would fall far short of this amount, the representatives of the churches in the convention at Denver in 1919, after most prayerful consideration of the report of the commission, launched out on faith to undertake greater things for God and to expect greater things from Him. When it is remembered that this huge amount of money was to be secured from Baptists of the North wholly through voluntary offerings, it will be agreed that no such attempt

could possibly have been undertaken without the spirit of the living God energizing the representatives of our churches in that annual meeting.

We have now gone far enough in the New World Movement to demonstrate several facts. First, the task was so great as to stagger the entire denomination. The raising of such a vast amount of money in the most expeditious way possible involved an organization that could reach the last member of the last Baptist church in the territory of the Convention, and at the very outset of the campaign it became apparent that the rank and file of the denomination was not prepared to give the most full support. The appeal for funds was necessarily strenuous. A large amount of literature was published. The General Board of Promotion was created by the denomination to be the agency for the dissemination of information and the collection of money. Leadership for such a herculean task had not been developed and men with little experience in enterprises of that sort were called into service, largely from the pastorate of churches and executives of the different missionary organizations.

The intensive drive which was held in the spring of 1920, while it yielded the largest returns in cash and pledges which had ever been secured, developed certain difficulties which had not been anticipated. Criticism, misunderstanding and opposition arose in various parts of the country. Dissatisfaction was found among certain groups of our people with reference to the percentage distribution of funds; concerning the type of work being done in some of our educational institutions; concerning the management of some of our societies and various other matters tending to hinder the success of the movement. Although the Northern Baptist Convention had been organized but a few years previous to the adoption of this consolidated New World Movement program, the solidarity of the denomination was indicated by the fact that the successes as well as the hindrances were common throughout the territory of the Convention from Maine to California. For instance, in each of the states there were conspicuous examples of heroic and sacrificial offerings on the part of individuals and churches that placed the denomination in the forefront of the large evangelical bodies in per capita giving. But a large number of churches for one reason or another refused to accept allotments and to raise them. The reasons for this refusal,

though many, are all similar throughout the country. Unfortunately, as often occurs, those who did not wish to co-operate were not satisfied with simply withholding their own support but resorted to propaganda, basing their criticism and opposition largely upon rumors that were not founded on fact, and thus tended to sow suspicion and doubt in the minds of a large number of Baptists who in the main were in sympathy with the program as a whole. If the whole denomination had thrown itself into the movement as heartily as those who were unreserved in their loyalty, there is no question but that the entire \$100,000,000 would have long since been over-subscribed. Possibly the chief obstacle was the educational situation. Happily this has been clarified as the result of the exhaustive report of the investigating commission which was delivered at Des Moines last year. While it was admitted that here and there individual professors of some of our educational institutions had given utterance to statements that would not be endorsed by the denomination, on the whole the Baptist schools, colleges and seminaries throughout the country were given a very high rating. The recent series of agreements entered into by the leaders of the various groups in our denomination has still farther tended to harmonize the differences existing between us and gives promise of a more concerted effort of the whole denomination towards the realization of our objectives.

The Northern California Convention is an integral part of the denomination and is affiliated with the Northern Baptist Convention in all of its activities. It is the collecting agency in Northern California for all Baptist enterprises and has the direction and distribution of all denominational funds expended within its own territory. The Board of Directors is, according to law, the Convention ad interim. The board is elected by the Convention and is responsible to the Convention for its activities.

Early in the campaign to secure \$100,000,000 Northern California Baptists committed themselves to the enterprise with a greater degree of unanimity than most of the state conventions in the country. At most of the annual meetings of our Convention, association, young people, women and laymen held in Northern California since then the New World Movement has received hearty endorsement; whereas, only about one-fourth of the churches in the entire denomination of the North made anything like a concerted

effort to secure pledges. Most of the churches in Northern California put on an Every Member Canvass. Out of our total of 140 odd churches in Northern California there have been only about half a dozen that have definitely taken a stand against the New World Movement, largely on account of the educational features of it, and with but a single exception these churches had pastors who had not been educated in our Baptist schools.

In Northern California about 57 per cent of its original allotment has been secured in pledges, as compared with about 50 per cent of the denomination at large, notwithstanding the fact that the allotment of Northern California was the largest per capita in the country.

For a number of years Northern California Baptists have been leading the denomination in per capita giving and, while the returns for the year ending April 30, 1922, are not yet available, it is our conviction that this year will prove no exception in this respect. While the board is far from satisfied that our churches as a whole have done their best, when the general financial stringency throughout the country is taken into consideration (and it was generally feared that there would be a great falling off in the receipts throughout the entire country) it gives us unusual pleasure to announce that Northern California Baptists have exceeded their giving of last year, which had reached high-water mark, the total receipts for all purposes for the year being over \$244,000. When it is remembered that five years ago the total contributions of Northern California Baptists for world-wide missions were less than \$40,000 it will be seen that commendable growth has been made in the grace of giving by our churches. Your board realizes that it has been appointed to carry out your program and, in the main, zealous efforts have been put forth by its members to realize that end. Three vacancies have been created, one through resignation and two through removal. The board would recommend that in the future great care be exercised in the selection of those who are to serve the Convention in this capacity, as the magnitude of the work to be done requires the reasonable unanimity of the board and hearty approval of all its members of the program of the denomination which the board has been appointed to carry out.

While the constitution provides for a subdivision of the entire board into three departments functioning respectively as Board of Promotion, State Missions and Education, and

meetings have been held in accordance with the provision of the constitution, practically the entire Board of Directors is engaged in promotion, as in fact all the work of the denomination is really promotional. It is the conviction of the Executive Secretary that greater efficiency could be realized in doing the work of the Convention if the Board of Directors could be designated as the Board of Promotion and divided into departments with smaller committees in charge, somewhat as follows: Every phase of our denominational work could be promoted by the entire board through supervising committees who could more readily meet from time to time to act as executives, as, for instance, the Committee on Finance, Committee on State Missions, Committee on Education, Committee on Evangelism, etc. During the past year the work has been carried on under the three subsidiary boards of the Board of Directors, with the single exception that the Evangelistic Department has been directed by the Evangelistic Committee. This arrangement, however, is quite inconvenient, as the by-laws provide for simultaneous meetings of these boards in connection with the quarterly meeting of the Board of Directors, and this necessitates hasty actions, owing to the limited amount of time available for each.

Full statistical tables will be given in the forthcoming annual setting forth the entire activities of the Convention for the past twelve months, and this report can only deal with a general outline of what has been accomplished.

The board welcomes constructive criticism and suggestions from churches and individuals and the books at headquarters are open for inspection to all who may be interested. In the interest of fairness, however, we would urge that communications be directed to headquarters, where they can receive due consideration rather than being peddled about in ways that will accomplish no good results. Information has come to us, for instance, that there has been some dissatisfaction with supposedly large overhead expenses and an unnecessary number of field workers. It is evident that these rumors have not been founded on facts. The overhead expense of the Northern California Convention in its promotional activities has probably been less than the majority of similar organizations in the country, and we do not know of any that is lower than ours. Eleven thousand dollars have been expended in the handling of \$244,000, or a margin of less than four and one-half

per cent. We respectfully challenge those who think we have been extravagant to produce a similar example of economy. As to the number of field workers, we would say that they have been appointed at the urgent requests of our constituency. Let us remind you that California has a more cosmopolitan population than any state in the Union, except New York. If the nationals who come here to live are to be evangelized it must be done through the preaching of the Gospel in their own languages. Let us also remind you that the work among the New Americans can only be done efficiently through expert leadership, as is true among older Americans. In order to supply this need, the board has had under appointment during the past year field workers among the Indians, Mexicans, Negroes, Chinese, Japanese, Swedish and Portuguese. Among our English-speaking white citizens the demand for a higher standard of leadership is ever on the increase. Many of our churches have been handicapped by short pastorates rendered inefficient largely through a lack of proper training. Many of our churches are poorly organized for the same reason and are unable to pay living salaries because they have not known how to sufficiently develop their own local resources. One of the weaknesses of the denomination in past years is the rendering of financial assistance in the support of pastors who are underpaid and whose churches did not seem to grow in strength from year to year. As the result of the appeal from these churches that the board render them expert counsel looking toward more efficient organization, the board has appointed three pastors-at-large to labor in the territory outside of the metropolitan area, one serving in the Sacramento Valley, one in the San Joaquin Valley and one in the associations on the coast north and south of San Francisco. Since our rural and town churches have problems peculiar to themselves and in order that they may be helped to minister to their respective communities in the most efficient way possible, a Director of Rural and Town Work has been under appointment, who because of his experience in this type of work is able to render a high degree of service to these churches. In the department of evangelism it has been felt by the committee for a long time that the largest success would require a man of experience and suitable temperament to give his whole time to this phase of our task, and in co-operation with the American Baptist Home Mission Society a Director of Evangelism was appointed and began his services at the beginning of this calendar year.

While our churches alone function as units in the great work of redeeming a lost world, it has been found that greater progress can be made if the men and women in our churches would undertake the responsibility for certain phases of that work. Your board, recognizing the splendid possibilities of our organized women, and in response to a request from the women themselves, appointed a Directress of Woman's Work. During the past year the wisdom of that appointment has been demonstrated. During the four months' leave of absence of Mrs. Carrie A. Robinson, who visited our mission fields in the Orient, Mrs. C. E. Tingley directed the women in their continuation campaign in a very satisfactory manner.

When it became apparent that sufficient funds to support the New World Movement were not being provided through the ordinary channels, the laymen's movement was revived throughout the denomination. It is, of course, conceded that in the last analysis men must give the bulk of the money to carry on the work of the denomination, as they in the main are the money getters. It is felt, however, that the time has come for a more thorough work among the men in order that larger resources may be secured. A campaign has been started among the laymen in the interests of stewardship and tithing. Your board has felt that some layman of experience should give his time to the development among our men of these principles, and an experiment is being made to this end. Mr. J. E. Neighbor, who has had experience as a successful manager of large enterprises, has given a part of his time during the past few months to specific work among the laymen of our churches. He is attempting not simply to impress upon them the necessity of giving larger amounts of money to the New World Movement, but to standardize along all lines the work of the local churches of which they are members. In the appointment of a Director of Laymen's Activities, our Convention is a pioneer in the denomination. While there has not yet been time enough to demonstrate the wisdom of this act, the results already achieved are encouraging, but it is fully understood that it has not yet passed the experimental stage and the permanence of the appointment will depend upon further results.

To be sure, the appointment of the above-mentioned field workers bulks large and calls for much larger expenditures than the Convention has ever undertaken in past years.

They have all been appointed, however, in response to the urgent requests of the various interests served. They will render actual personal service in the field and will not be a part of the overhead expense of the Convention. They will also strengthen all of our churches and enable them to render much better service both in their own communities and for the building up of the Kingdom of Christ throughout the world. It is worthy of note that most of the criticism has come not from those who are supporting the New World Movement, but from those who are opposed to it.

The total number of missionaries supported in whole or in part by the Convention during the past year is 85, of whom 46 serve as missionary pastors, 25 as general and special field workers among seven nationalities, and 14 special workers among women. It is impossible in a report of this nature to go into details of the work of your board so as to give adequate information as to its value. It will be necessary to study the statistical tables of the missionaries, the reports of the departments and the data furnished by the various churches. The board would urgently request that Northern California Baptists familiarize themselves with the results of the past year, for we believe they will stimulate us to larger undertakings for the future.

As samples of the helpfulness of the services rendered by missionaries and others representative of the Convention, brief extracts are given from their reports:

The Student Pastor of the State University of California, Rev. H. W. Davis, in his personal contact with the student body, numbering over 10,000 students, has been a most wholesome influence in conserving the religious life, especially of the young people who attend the university from Baptist homes. His varied service deals with finance, work, courses of study, love matters and difficulties of faith.

In the heart of California, called the Netherland regions, is a Chinese community that was as destitute of the Gospel as any in the heart of China until through our Chinese Department a missionary was placed at Locke. A Christian Center is in the process of erection to cost about \$10,000.00. The Chinese pastor, Ong Yip, has been instrumental in leading 20 to Christ during the past year. The Woman's Society is assisting in the support of a woman missionary, Miss Mary Maxwell, who is partly responsible for these results. She reports Gospel services with an average attendance of 60.

Our Bible Worker, Rev. Fred C. Krautz, who ministers to the destitute communities from Sacramento to the Oregon line, has had the privilege of giving the personal message of the Cross to lumber-jacks, railway men, negroes and a dozen different nationalities, some of whom can speak but very little English.

One new church has been organized among the Indians, namely, at Sycamore, with 54 members, and among the six churches that have paid in more on the New World Movement than their allotment calls for, three are Indian churches—Auberry, Dunlap and Sycamore. Truly, a miracle of grace has been wrought among the Indians in our mission fields, and we give God the glory.

Our missionary, F. S. Hernandez, ministers to the Mexicans in Alameda County and has during the past year made 1735 pastoral calls, has distributed 148 Bibles and New Testaments and 2469 tracts. He has baptized 32 converts.

Miss Anna Dietz reports a most excellent work among the Russians of San Francisco. The Sunday School has an average attendance of 70, they have a sewing school for girls once a week, and under her direction several Russian women are now studying English. Rev. A. H. Nikolaus of the Russian Church in San Francisco says, "Work among the Russians in the past year has been very difficult, caused by the great upheaval in Russia, but the future looks brighter because America has helped Russia's present famine. Since the board purchased the church building, our brethren begin to realize the love of their American brethren."

As a result of special meetings held by Rev. and Mrs. E. R. Hermiston of the Chapel Car "Grace", a church was organized at Chowchilla with 56 members and property secured with the co-operation of the Convention costing \$8000. The church is raising \$1000 for its pastor, the balance of his salary being supplied by the Convention.

Colporter C. M. Gardner reports over 8000 miles traveled, visiting 2038 homes, and as a result of personal work 74 have been brought to Christ.

Missionary R. Q. Martinez, serving the Mexicans in the San Joaquin Valley, has opened four new out-stations and reports a total of 43 baptisms.

In the Netherland regions of California, which while the richest section in point of agriculture, is the most impoverished spiritually, as a result of Colporter W. H. Barker's

services, special meetings have been in progress at Walnut Grove, where it is hoped that a permanent work will be established.

The following are quotations from a few of our mission churches:

Orland—"The gifts in money from time to time have encouraged the membership to better support and the leadership secured largely through the influence of the officers of the State Convention has helped to bring about a better understanding on the part of the members as to what constitutes a real church program.—Paul H. Talley."

Aromas—"Without the appropriation from the board, the work could not have been maintained because the members here had hard times owing to crop failures during the past few years. They appreciate the board's help.—J. P. Sinclair."

Oakland Golden Gate—"The work in Golden Gate has been greatly benefited during the past year by the appropriation received from the board.—F. S. Shinall."

San Francisco Central—"We have much to praise God for. We rejoice in the erection of our new building made possible by the co-operation of your board and the church. We opened the auditorium on Easter Sunday and expect to open the Sunday School quarters in a short time. We will have one of the best equipped churches for its size on this side of the mountains.—D. M. Dawson."

Thousand Oaks Church, Berkeley—"As minister of Thousand Oaks Church and Albany Mission, I want to register my hearty appreciation of the sympathetic co-operation of our Baptist Headquarters, especially through the San Francisco Bay Cities Baptist Union. Ever keeping in mind the autonomy of the local church plus the interests of the denomination at large, they have with uniform courtesy prayerfully supplemented the earnest efforts of the church and the mission. Thus we were heartened to organize Thousand Oaks Church to secure a strategic building site and to plan for a necessary house of worship. In Albany Mission we were assisted in making a substantial addition to the building, to accommodate the more than 100 per cent increase in attendance there. At both Thousand Oaks Church and Albany Mission such financial support is provided as enables both organizations to proceed securely now, looking forward to the day when these shall become grateful supporters of other fields.—Albert Ehrgott."

San Francisco 21st Avenue—"The church is situated in one of the best residential districts of the city. Our forces are not strong and the appropriation from the board has made it possible to keep this work going and gives the church time to get a foothold in the community.—Walter L. Bailey."

Eureka—"When the board came to our assistance the church was disrupted and divided by a former pastor. The Lord has richly blessed our efforts this year. We have baptized 24, several have been received by letter and over a score who were entirely backslidden have been restored; 47 have signed the tithing pledge and the church is in a much improved spiritual condition. This has all been made possible by the Mission Board.—Geo. D. Boller."

Visalia—"Without the Convention's help the pastor would have been compelled to leave. Considerable advance has been made in the work. The building has been improved at a cost of \$1500. The spiritual progress has been commendable. The Sunday School has increased five-fold and we have an energetic B. Y. P. U. with an average attendance of 65.—F. L. Blowers."

Gerber—"The debt on the church property has been paid and some improvements made. The help of the board has assisted in holding what has already been gained and insures future growth and development.—H. A. Kern."

New Monterey—"Seven added by baptism. Hope to reach 100 per cent of the New World Movement pledges. Expensive repairs and the struggle to meet New World Movement pledges make it necessary to ask help one year further, and then we hope to be self-supporting.—Orville Coats."

Covelo—"Splendid awakening; 13 added by baptism. Convention help in securing automobile enlarged pastor's personal work in outlying districts.—C. I. Ford."

Redding—"Appropriation from the board kept Baptist denomination before the communities of Redding and Anderson. Without it Baptist work would have disappeared. Spirituality quickened. Mortgage refunded. Improvements on property. Three baptisms.—W. L. Harvey."

Pacific Grove (Negro)—"Through the help of the board the church has been saved from extinction and increased from 23 to 45 in membership. Many have been reclaimed and seven baptized.—W. H. Hughes."

Bakersfield (Negro)—"Appropriation from board enabled church to support pastor, keep up payments on lot and tabernacle to take place of old building, which was condemned. Membership increased 40 per cent.—D. J. Crawford."

Woodland 2nd (Negro)—"Support of pastor impossible without help of board. Total additions 26. Energetic effort to pay up pledges on New World Movement.—J. T. Muse."

Evangelistic Department

Evangelistically, this has been a very successful year. Churches, towns and cities have been stirred by the messages of pastors and evangelists. There have been a total of 82 churches which have co-operated in some way in our campaign. While complete statistics are not yet available, it is probable that our goal of 3400 baptisms and additions will be reached. One index of the widespread interest is the large number of tracts and special cards that were circulated. A total of 13,933 evangelistic cards were ordered and sent out to the churches.

In our evangelistic campaign we have had the acme of co-operation. To this is due our success. The evangelistic committee, under the chairmanship of Edgar H. Gum of Modesto, has rendered a very efficient piece of work. The Sunday Schools emphasized the "Easter Campaign" while the B. Y. P. U.'s pushed the "Win One Campaign," several pastors and evangelists contributing largely to the total results by the holding of special meetings.

The General Association (Negro) and foreign-speaking missions have also co-operated in a splendid way. A large number of baptisms have been reported from our Indian, Mexican, Chinese, Japanese and Negro churches. It surely was a sight long to be remembered when an old Indian woman, 101 years of age, walked into the cold mountain stream and was buried in baptism by our Brother Brendel.

Our Northern California Baptist Convention in co-operation with the American Baptist Home Mission Society has secured the services of Arthur V. Willey as Director of Evangelism beginning January 1. Mr. Willey comes to us very highly recommended.

In the coming year we are hoping and praying for even greater results, and by the Lord's help may we be able one year from today to report over 5000 baptisms and additions; winning precious souls, restoring to fellowship the prodigals and all kneeling about the Cross is the one way, the one

place and the coming task in which we can all undertake our labors for His glory.

So far 100 churches have reported a total of 3003 baptisms and additions.

Tithing Campaign

The work of Dr. and Mrs. A. T. Robinson as tithing evangelists in our Convention field this year has evidently been much appreciated, as witness the following from the San Joaquin Association:

"Whereas, Dr. and Mrs. A. T. Robinson of Lansing, Mich., have held meetings in a number of the churches of the San Joaquin Valley Association; and

"Whereas, Their method of reaching the people with the Gospel of giving is unsurpassed, their messages being as Scriptural as they are entertaining and the results achieved most practical and far-reaching,

"Therefore, be it resolved, That we express as an Association our appreciation of these faithful servants of the Lord and that we heartily recommend their services to all churches, not only throughout the limits of our Association but to the whole Northern Baptist constituency.

"We would further express the profound conviction that no greater step toward the goal of Christian Stewardship can be taken by any of the churches than by securing their week of services as planned, and resulting, as it inevitably does, under proper pastoral guidance, in the organization of a large and enthusiastic Stewardship League with the tithe as the minimum of all gifts to the Lord.

"Their terms are so reasonable, their service so efficient and the results achieved so large in proportion to the nominal investment, we covet for all our churches the joy and resultant blessing of such an engagement with these Scriptural, financial experts.

"Resolved, further, That our clerk be asked to send a copy of these resolutions to 'The Baptist' and the 'Watchman Examiner.'"

The splendid work of our young people in this direction is beyond praise. They pioneered the tithing campaign all through the country and directly led the campaign last fall in Northern California for the State Convention. A total number of 1426 names have been received in this office as having signed the tithing pledge in Northern California and ten tithers' leagues have been organized.

Religious Education

The year in religious education has been one of intense activity and extensive in scope. For example, the Director traveled 21,497 miles, delivered 274 sermons and addresses, sent out 4340 letters and wrote 21 articles.

Sunday Schools

Six items may be mentioned here. The Adult Bible Class campaign, Teacher Training, Missions in the Sunday School, Evangelism, Correlation and the S. S. Advisor. Ambition for a million members in Baptist Adult Bible Classes; every teacher well trained; all pupils brought to Christ and trained in Missions, and S. S. training wisely correlated with all other kinds of religious education in the church. The S. S. Advisor, going into a church and giving expert attention to everything in connection with the Sunday School for a period of two weeks, must bring results.

Baptist Young People

The Summer Assembly at Asilomar with its paid registrations of about 200, 49 certificates, seven diplomas and 49 volunteers for the ministry and missions; the Stewardship, Evangelistic and Continuation campaigns were all helped by our young peoples' forces. Throughout the year, this department has been effective and enthusiastic in almost every section of the Convention. Co-operation was maintained with all Baptist Young People's work of whatever name. A number of new societies have come into existence and the prospects are fine indeed.

Specialties

Seventeen Church Vacation Schools, three Training Schools for Vacation School workers, one Week-day School, Schools of Religious Education, Correspondence Courses for ministers and others and Library reading rooms in a few churches. These specialties have required adjustments and investigations in many directions. New connections with Missionary Education and General Promotion Work will also enlarge and extend religious education.

Outlook

With improved standards, religious education stands in a better way than ever for the Christian Home, the Church School, Missionary Study, Training for Service, Christian Stewardship, Scripture Teaching, Evangelism and the

Lordship of our Saviour Jesus Christ; all this, in order that Baptist people may be more intelligent, loyal, loving, patriotic and conscientious in Him.

Women's Work

In the Department of Women there has been ceaseless activity. Early in May Mrs. Robinson assisted the pastors in Fort Bragg and Red Bluff in conducting "An Every Member Canvass" in their churches, which resulted in a considerable increase in subscriptions to the New World Movement. During July and August she took active part in the Summer Assemblies of M. E. M. and B. Y. P. U. at Asilomar. During the period between May and December she presented World Wide Missions in 56 public meetings, as well as conducting many conferences with the women in the local churches.

In November the women took an active part in the special campaign arranged by the State Board of Promotion. Miss Amy Acock of Japan was assigned by the General Board of Promotion for a month's work in Northern California, and did very excellent work among the churches.

Mrs. C. E. Tingley directed the Continuation Campaign. She presented the campaign in 15 Associational gatherings and in 23 individual churches, and attended 25 conferences and committee meetings.

Forty-five women acted as publicity leaders and the same number as campaign leaders, prayer group directors and representatives for the young women and children.

Much of the strength of the women's work is the result of their excellent system of organization.

Their efforts both in the Continuation Campaign and in the filling of the ship of fellowship have been most encouraging.

Town and Country Work

Rev. Clark H. Bancroft, Director of Town and Country Work has served through the year as acting pastor at Reedley with the double purpose of meeting a specific need and as an opportunity of studying at close range the problems of a typical town and country field. He has at the same time carried on field work in the San Joaquin Valley and other parts of the state in which he has averaged over 1000 miles per month of travel. He has visited 46 churches, three associational meetings, 12 associational ministers' meetings, 10 brotherhood meetings, one Bible conference among the Indians and the Summer Assembly at Asilomar. Three churches

have been assisted to make a careful survey of their fields and Mr. Bancroft hopes to assist many other churches in this type of work as the best means of discovering needs and opportunities. One rapidly growing but unchurched community has been studied.

Mr. Bancroft has held three series of evangelistic meetings and has baptized 24. He has looked after the property interests of the Convention on several fields and has advised with others as to building plans.

For two weeks in February Rolvix Harlan, D.D., of New York assisted Mr. Bancroft in a series of conferences. Eighteen churches were visited and pastors and workers from as many more gathered into conferences at central points. The ministers' meetings of the San Francisco Bay and the San Joaquin Valley associations and the Bi-county Brotherhood of Kings and Tulare counties were addressed as was the student body at the Berkeley Seminary.

The coming year Mr. Bancroft expects to live in Berkeley that he may more readily be reached through the Convention office by pastors and churches that desire his co-operation.

Swedish Work

Somewhat more than one-half of the year has been spent in the Northern Convention field. At Ripon I found both Swedish and English Baptists. One strong Swedish family moved away, making it out of the question to organize anything in Swedish. I believe, however, that there is an opening for English work in Ripon and Manteca. In Stockton I found a few Swedes that will attend services, but no chance for an organization now.

Contra Costa County has a population of 700 born in Sweden. Some time was spent in Richmond with small success in getting them out to services. One Baptist was found and two hasbeens. Richmond has 250 Swedes and only Swedish preaching every other Sunday.

As yet I have not visited the industrial towns along the bay in Contra Costa County with reported Swedish population. Petaluma, Fort Bragg and Palo Alto each have a few Swedish Baptists.

Escalon, 12 miles north of Modesto, with a large Swedish community, has received considerable attention. A mission with 12 Swedish Baptists was started. Others on the field. Rev. F. O. Nelson of Keyes was secured to visit

the field every alternate Sunday. This is our most promising field for Swedish work. Several Baptist families in the East are in correspondence as to settlement here. Considerably more than half of the 32,000 Swedes in the State are in the territory of the Northern California Convention. Where there are but few Swedes and where it seems best, the missionary should be allowed to start work in English.

There is also due on Japanese property \$3000.00, and holding pending new apportionment basis between national societies and convention about \$10,000.00, thus you will see that our net balance is somewhere around \$5000.00 available funds, which will pay our current expenses, including salaries of missionaries, about fifteen to twenty days.

Of the receipts for the year, a little over \$11,000.00 is credited as coming from the women toward the continuation campaign.

Thirty years ago we raised per member per year	\$ 1.00
In 1920	8.20
In year just closing	12.60

We are making splendid strides toward real stewardship, but are we satisfied to have given but \$1.05 per month per member in return for what He has given us? How long before we shall prove ourselves trusted stewards of His in the proper use and distribution of the funds He places in our care? Don't you yearn for the time to soon come when our Convention shall be known as "EVERY ONE A TITHER."

Respectfully submitted,

J. O. ERNSBERGER,

Treasurer.

Dear Sir:

In accordance with your instructions, we have examined the cash transactions of the Northern California Baptist Convention for the period from May 5, 1921, to May 4, 1922, and now submit our report thereon.

Our examination included a detailed verification of cash collections by comparison with the duplicate receipts issued to donors. All money received has been traced into the bank with the exception of the bonds shown to be on hand. These were verified by actual count. The disbursements were verified by an examination of properly authorized vouchers.

Balance—Made up as follows:		
Cash in bank.....	\$43,956.22	
Bonds on hand	1,600.00	
Total	\$45,556.22	

Explanations of the principal items appearing in the foregoing statement are made in the following paragraphs.

Included in the General Receipts are: Reimbursements from churches in the Metropolitan District for salaries advanced to the ministers of such churches by the Convention, reimbursements of expenses advanced on account of the General Board of Promotion.

Collections termed "State and Metropolitan District" and "National" represent monies collected by the Northern California Baptist Convention on behalf of the General Board of Promotion. The local convention also has a distributable interest in these funds. The basis of this distribution is discussed in another part of this report.

Receipts appearing under the term "Property" represent donations towards church building funds, repayments of advances made on property and rentals from property owned.

Disbursements on account of property cover advances to churches for building funds, purchase of properties, etc.

Remittances to the General Board of Promotion amounted to \$60,896.18. Of this amount \$54,424.69 was remitted in cash and \$6571.49 in Liberty Bonds. A statement of the account with the General Board of Promotion is as follows:

Balance due at beginning of period.....	\$7,709.35

Collections for Chinese and Near East Relief.....	521.61
Total to be accounted for.....	\$158,432.16

Retained on percentage basis (includes amount retained for Bay Cities Union due from General Board of Promotion.....	33,088.69
Retained one-half of all undesignated and all State designations—May 1 to May 4, 1922...	16,420.23
Remitted to General Board of Promotion.....	60,896.18
Remitted by separate check for Chinese and Near East Relief	115.19
	137,405.06
Balance due General Board of Promotion.....	\$21,027.10

During the period under review, the system of remittances has been changed. From May 5, 1921, to November 15, 1921, the General Board of Promotion and the Northern California Baptist Convention were to share receipts equally. Subsequent to that date the amount to be retained is determined as follows: 75 per cent of $1/12$ of \$50,000.00, unless the collections for any one month are in excess of those of the same month in the previous year. In case the month's receipts are less than 25 per cent in excess of the previous period the amount retained shall be 75 per cent of $1/12$ of \$50,000.00 plus the amount which the percentage of increase is over the same month of the previous year. When the excess is 25 per cent or over, the amount to be retained is $1/12$ of \$50,000.00. In addition to the above, $1/12$ of \$4564.00 is retained on account of the Home Mission Society. There is also retained an amount due to the San Francisco Bay Cities Union a sum of \$12,500.00 divided into twelve monthly installments, which are subject to the same percentage variations as the allowance of \$50,000.00 to the Convention.

From May 1 to May 4, 1922, one-half of all undesignated collections are being retained as well as all local designations.

Yours very truly,

MARWICK, MITCHELL & CO.

MINUTES OF THE MINISTERS' CONFERENCE OF THE NORTHERN CALIFORNIA BAPTIST CONVENTION

Held in Chico, California, May 9, 1922

The Ministers' Conference met in the M. E. Church South, of Chico, Tuesday morning, May 9, at 9:30. The devotional service was led by Rev. Alleyn K. Foster.

Dr. Tingley made the statement that there had been no record of the Ministers' Conference of the previous year preserved, and that the Secretary had failed to respond to the request for a list of the officers, and that there had been no arrangements made for this year's program. He also stated that Dr. Brinstad had arranged the present program.

It was then suggested that the Conference elect officers, and the following were elected:

Chairman—Rev. Bryant Wilson, Sacramento.

Secretary—Rev. J. H. Girvin, Sunnysvale.

Upon motion the program as arranged was adopted.

A motion was then made that Rev. J. M. Riddle be named Vice Chairman. Carried.

Rev. Mr. Lee, pastor of the local M. E. Church South, was introduced to the members of the Conference by Rev. A. D. Berry of Chico. He extended the use of the building to the members of the Conference and a vote of thanks for his hospitality was taken and unanimously carried. A motion was made that Mr. Lee be made an honorary member of the Conference. Carried.

Upon the request of the chairman the members present gave their names and places of residence. Twenty-seven pastors were present. (List attached.)

Dr. Arthur S. Phelps of the First Baptist Church of San Francisco then read a paper on "Public Speaking," in which he showed the importance of good form, the use and control of the voice, proper emphasis, naturalness of gesture, and laying special stress upon bringing a helpful thought to the hearers. He also stated that a gifted orator was rarely a good executive, but that either art could be cultivated.

This paper was most favorably received by the members of the Conference.

Dr. Orville Coats of New Monterey read a paper on "Expository Preaching." He said it was the most difficult but the most important form of presenting the Scriptures.

It is difficult because it requires close study of the Bible, and the temptation was ever present to follow a related thought rather than to unfold the cardinal truth. This method of preaching was greatly helped by a knowledge of Greek and Hebrew, which gave a first hand knowledge of the thought of the writer, which is otherwise often lost in translation.

Dr. Alleyn K. Foster of New York was introduced to the assembly and gave a brief talk on the need of men who are able to reach and touch the college men. He stated that the Christian College is the only institution of learning where the Bible has any place, and that it is preparing men to bridge the chasm between the college man and the church.

Upon motion the Conference adjourned to meet again at 1:30 p. m. instead of 2:00, so that time might be given to continue Dr. Foster's subject, and also the paper by Rev. F. Carl Truex of Selma on the "Responsibility of the Pastor for the Interest of the Church in the New World Movement."

Session adjourned with prayer by Rev. Arthur V. Willey.

Conference re-convened at 1:30 and heard the address by Rev. F. Carl Truex of Selma. Motion was made by Mr. Willey that the paper of Mr. Truex be accepted by the Conference. An amendment was then made to include the other two papers, and the further motion that they be printed in the Baptist Bulletin. Carried.

At 2:45 Mr. J. E. Neighbor spoke on the "Standardization of Baptist Churches from a Layman's Point of View." He presented a list of objectives for consideration. The consensus of opinion as expressed was extremely favorable, and it was suggested that the matter be presented by resolution to the Convention.

It was moved and seconded that the suggested program of the Laymen be recommended to the office for printing and distribution among the various churches. Carried.

MINUTES OF THE ANNUAL MEETING OF THE W. B. M. S. OF NORTHERN CALIFORNIA

The annual meeting of the W. B. M. S. of Northern California was held in the First Baptist Church of Chico May 9, 1922. After a devotional service led by Mrs. Steele of Chico the meeting was called to order by the President, Mrs. Snape.

The Recording Secretary read her report, which upon motion was accepted.

Mrs. H. A. Johnson, chairman of the Constitution Committee, read over the suggested Constitution and moved its adoption. The motion was seconded. After much discussion it was decided to add another by-law to the effect that the delegates to this body be the President of the local society, or her representative, and one delegate for every twenty members. With this addition the motion carried.

It was decided upon motion that the Constitution should be printed in the Annual.

The President appointed the following Enrollment Committee: Mrs. Barker, Mrs. Tingley and Mrs. Kilpatrick.

The following resolution was presented for adoption:

Resolved, That we as women of the Northern California Baptist Convention endorse and appreciate the work of the President of the Northern Baptist Convention, Mrs. Helen Barrett Montgomery. We also assure her of our earnest

prayers that God will give her wisdom, strength and courage to so preside that the meeting will be a blessing and honor to our denomination and to the Master whose we are and whom we serve.

It was moved and carried that we adopt this resolution and that a copy of it be sent to Mrs. Montgomery and to "The Baptist."

The report of the Nominating Committee was read by the chairman, Mrs. Oehrli, and upon motion the ballot was cast by Mrs. Fox and the following officers declared elected: President, Mrs. John Snape, Oakland; First Vice President, Mrs. I. E. Steves, San Francisco; Second Vice President, Mrs. J. A. Sexton, San Francisco; Recording Secretary, Mrs. M. L. Thomas, Berkeley; Corresponding Secretary, Mrs. George Thomas, Alameda; Treasurer, Mrs. W. Dimock, Richmond; Secretary of Literature, Miss Mary Bamford, Oakland. Board of Directors—For one year: Mrs. U. G. Hodgkins, Alameda; Miss Adele Ballard, Oakland; Mrs. E. D. Bothwell, Oakland; Mrs. M. E. McKenny, San Francisco; Mrs. F. H. Evers, San Francisco; Mrs. Hopkins, Woodland; Mrs. Jos. Lee, San Francisco. For two years—Mrs. French, Willows; Mrs. J. Turner, San Francisco; Mrs. J. Carlson, San Francisco; Mrs. A. H. Brandt, Berkeley; Mrs. E. B. Dawson, Berkeley; Mrs. J. Friborg, Oakland; Mrs. Hackenberg, Palo Alto. For three years—Mrs. E. A. Hanley, Berkeley; Mrs. A. L. Stephens, Oakland; Mrs. Nora Patterson, Oakland; Mrs. Hendrickson, Oakland; Mrs. C. H. Hobart, Sacramento; Mrs. Mitchell, Selma, Mrs. D. M. Dawson, San Francisco.

At this time Mrs. A. D. Berry in a short address of welcome made all present feel very much at home. Mrs. Snape in her response thanked the ladies of Chico for their kind welcome and urged upon all present the necessity of keeping up the work of the past year.

Reports on the work done in their respective associations were given by Mrs. Oehrli and Mrs. Watson, both showing much activity in the churches and good work accomplished. Miss Bamford gave her annual report, which showed the closing year to be the best one yet for our Literature Department. She gave us a brief review of the home and foreign text books for the coming year and leaflets along the same subjects.

Mrs. M. E. Fox spoke of "The Task" and found it to be loyalty to the local church and the local auxiliaries. She

said there are 77 Missionary Circles, 58 of them doing White Cross work.

Mrs. H. A. Johnson spoke on "The Church School of Missions" and emphasized the value of such a school in every church.

Mrs. Bourdon spoke on the work of the C. W. C. and told of the splendid work the children did in the Continuation Campaign, having more than doubled their quota.

The morning session closed with a devotional service led by Mrs. Farmer of San Jose, on the subject of "Stewardship." Scripture, Ex. 23-19: "God wants the first fruits, not the remnant."

Mrs. Kilpatrick led us in the opening prayer of the afternoon session to the very feet of the Master, "Sirs, we would see Jesus."

Mrs. C. E. Tingley, Mrs. A. R. Heron and Mrs. A. Watson Brown spoke on the Continuation Campaign. Eighty-five churches participated. Two associations were 100 per cent in participation—the Pacific and Sacramento associations, and all the churches did well. Mrs. Heron said that the W. W. G. reports are not all in yet so it was impossible to tell what the girls had done. Mrs. Brown spoke of the children's work and the enthusiasm with which it was done.

Miss Steele of Chico sang a beautiful solo at this time.

Mrs. Kilpatrick spoke of the White Cross work for the future and urged that the churches desiring to do such work get in touch with her.

Mrs. Barker told of the work done by this department during the past year.

Miss Lucile Withers of Sumvu-ksien, China, gave a most vivid address on "China's Needs."

Dr. Foster of the Board of Education of the N. B. C. spoke on the work of our Baptist colleges.

Miss Maxwell told of the work among the Chinese at Locke and thanked the churches for the help given in that needy field.

Miss McVeigh of New York spoke on "Life Service."

Mrs. Carrie Robinson, just back from a trip to China and Japan, spoke for a few minutes on her impressions of the work in those lands.

Mrs. I. E. Steves conducted a short memorial service in honor of the women who have passed on during the year—

40 in all, Mrs. E. R. Bromley, formerly Treasurer of this board, being among them.

The Registration Committee reported 89 delegates and seven visitors.

Mrs. Licklider of Fresno brought the women's session to a close in a talk on our spiritual aims.

After prayer the meeting adjourned.

MRS. MAY L. DIMOCK, Recording Secretary

MINUTES OF THE THIRD ANNUAL MEETING OF THE SAN FRANCISCO BAY CITIES BAPTIST UNION

Held May 22, 1922, in the First Baptist Church of Alameda,

Around the Supper Table at 6:30 P. M.

President F. M. Davidson, Presiding

At the call of the roll the following churches reported attendance: ALAMEDA, First, 5; Mexican, 1. BERKELEY, First, 16; Thousand Oaks, 4; Albany Mission, 2; Mt. Pleasant, 2. BURLINGAME, 1. OAKLAND, Bethany, 3; Dano Norwegian, 2; First, 13; Golden Gate, 1; 85th Avenue, 1; Melrose, 3; New Hope, 1; Swedish, 1; 23rd Avenue, 5; RICHMOND, 6. SAN FRANCISCO, Central, 5; Chinese, 3; First, 10; Hamilton Square, 4; Russian, 1; Swedish, 5; Tabernacle, 2; Third, 2; 21st Avenue, 3. SAN PABLO, 1. Total, 103.

On motion the reading of the minutes of the last annual meeting was dispensed with, as they had already been printed in the Annual.

The report of the Treasurer was then given and on motion accepted. The same appears attached hereto and marked "A."

The Secretary gave his annual report as follows:

"In presenting this second annual report of the work of the San Francisco Bay Cities Baptist Union for the year ending May 1, 1922, your Secretary would express his appreciation of the support he has received at all times from the members of the board and the pastors and the churches in our district. The year's work will show some advancement, although, as always, some disappointments. We have had a better financial arrangement this year, which has given us more funds and has permitted some forward movement in church edifice work, but not at all commensurate for the needs. The real growth will be observed in the comparative figures given later in this report under the financial statement and also under the New World Movement.

Churches and Pastors

"We have 31 Baptist churches in the Bay district, of which six are Negro, one of which, the North Baptist Church of Oakland, is not associated with the other Negro

churches nor has it ever shown any fellowship with our city organization; two Swedish churches, two Chinese churches, one of which has two branches, one on the Oakland and one on the San Francisco side of the Bay; this one has not been associated with our organized work but has been doing an independent work, and we hope for closer relations with them; one Dano-Norwegian church; one German church; one Russian church, and 18 English-speaking white churches. Besides we have our Mexican Mission; the Albany Mission, now in connection with the Thousand Oaks Church; the Alice Street Mission, which, while under the direction of the Associational B. Y. P. U., is quite closely related to the Melrose Church, which is furnishing at present most of the workers, and the old Point Richmond Mission of the Richmond Church. Of these churches the First Church, San Francisco, and the German Church, San Francisco, have been without pastors for the entire year. The First Church, San Francisco, however, has enjoyed the efficient service of Dr. Arthur S. Phelps as stated supply during most of the year. They have extended a call to Dr. John J. Ross of Chicago to become their pastor. Dr. Ross has replied that it will be impossible for him to give a definite answer until he has visited the field and looked over the situation here, and has promised to come out here this summer for that purpose. The First German Church, which has been for a number of years without pastoral services, has kept up its services by the constant efforts of the local members, and we are happy to state that they have now called Rev. Ralph T. Wegner of Baltimore, Md., to their pastorate. Mr. Wegner will be present with them in September to commence his work.

"The following churches have become pastorless during the year: Mt. Pleasant, Beth Eden, both being Negro churches; Burlingame, Bethany, Elmhurst, Hamilton Square, 21st Avenue. Berkeley First and 21st Avenue were vacant at the beginning of the year.

"We have during the year settled pastors in the following churches: Berkeley, Mt. Pleasant, Rev. W. F. Watkins; Oakland, Beth Eden, Rev. J. P. Hubbard; Berkeley, First, Dr. E. A. Hanley; Bethany, Rev. L. W. Hendrickson; 21st Avenue, Rev. Walter L. Bailey, who, however, remained with the church less than seven months and the church is vacant again. Rev. F. S. Lawrence commenced his work at the Tabernacle Church just one year ago.

"The churches now without pastors are the First Church of San Francisco, with Dr. Arthur S. Phelps as stated preacher; Hamilton Square, with Rev. W. C. Spencer as stated preacher; 21st Avenue, cared for at present by Dr. C. H. Hobart as supply; the German Church, San Francisco; Elmhurst, without stated supply; Burlingame Church, with Rev. H. N. Fifer, stated supply. In addition we have to report that Rev. F. S. Shinall has resigned at Golden Gate to take effect the first of June.

"The present total membership in our churches is 5360. We have had during the year a net gain of very nearly 10 per cent. Probably when the reports are all in the net gain will equal that amount.

"According to the reports received, which are not complete, our churches have paid out for current expenses \$85,867.79; on improvements, \$6458.35; toward the reduction of indebtedness, \$4210.84. The church property valuation is \$565,050, against which there is reported indebtedness of \$46,900.

Missionary Activities

"We have had 26 missionaries working for the board during this past year, giving part or full time service. Of these, 15 have been serving churches as pastors. These missionaries have put in a total of 827 weeks of service and our work has been stronger in the last half of the year than in the first. During the month of April we had 19 on our salary payroll. This list of workers includes, besides these pastors, our special Mexican and Portuguese workers; also a teacher in the Chinese school, teachers in the Week-day Bible School, a special missionary worker in Albany, and a special woman worker for part of the year in the Hamilton Square field. In addition to these workers paid by our union there have been six women workers teaching in the Chinese school; Miss Martha Ames, missionary among the Chinese; Miss Anna Dietz, working among the Russians. The salaries of these have been paid entirely by the Woman's Home Mission Society. Also Colporter C. M. Gardner, under appointment of the Home Mission Society, in co-operation with the Publication Society, has put some time in the district; also Dr. Charles R. Shepherd, special representative of the Home Mission Society, has been of great service with the Chinese work.

"These missionaries working under our board report that they have preached 1411 sermons; they have held 2105 prayer and other meetings; they have had 85 additions to the churches by baptism, 104 otherwise; have dismissed 102, and have made 6477 pastoral calls.

Self Support

"We have been rejoiced to learn of the action of the Third Church (Negro), San Francisco, when they voted to declare themselves self-supporting on and after the first of May, and at the same time renewing their co-operation with us and pledging their fidelity to us in the great mission obligations resting upon the denomination. Mr. Dennis has certainly been doing a splendid piece of work and has a loyal following in that church.

Evangelism

"The evangelistic record of our churches is not quite as good this year as the year previous. The John Brown meetings, held throughout the East Bay district last year, gave large results in the matter of baptisms by the churches. Fifteen of our churches held special evangelistic services at some time during the year. Twenty-three of our churches have had baptisms during the year, and from the reports I have there have been 246 baptized, 243 received by Christian experience and 415 by letter.

New Work

"The Thousand Oaks Baptist Church in North Berkeley organized February 12 with 67 charter members, most of them taking their letters from the First Church of Berkeley. Rev. Albert Ehrigott becomes the pastor of this church and it presents a most hopeful situation.

"Portuguese Work. We have taken steps in co-operation with the Home Mission Society and the State Convention to open up Portuguese work around the Bay, and to this end the Home Mission Society has sent Dr. J. R. S. Leite, who has been a worker for the Home Mission Society ten years in the East, among the Portuguese, and he is now engaged in the study of the situation here. Dr. Leite has not yet reported advising in regard to the best place for us to commence our work in this district, and no real work has been started as a result. But we are hoping soon to be able to announce a definite mission opened.

"New Hope. We have one Negro church, which has taken the name of the New Hope Church. This is a result

of a division of the Beth Eden Church. Internal trouble in the Beth Eden Church resulted in Pastor Hawkins withdrawing with a considerable number of followers, who have since been holding services in the Carpenters' Hall in West Oakland. While the church has not yet been formally recognized as a Baptist church, mention is made of it in this connection as one of the actual operating forces in this district.

"Possible Openings. We have been studying regarding the possibility of opening up new work in other places in our district, but it has not yet seemed wise to commence operations in any of these fields. There are fields, like Castro Valley and portions of East Oakland, that we feel should perhaps be entered in the near future if mission funds will permit.

Foreign Speaking Work

"Mexican. The Mexican work, under Rev. F. S. Hernandez, has been showing pleasing growth. During the year and a half of its organization some 32 member have been baptized. It is apparent that the work should be mostly transferred to Oakland rather than to be continued in Alameda. In fact, the most of the services are now being held in a rooming house in Oakland. The Mexican population is a transitory one and they have not been able to hold all of their converts in the local work. Some of them are now living in Mexico and others are scattered through the country. But the work has proven of great value. Our great need for a building has already been mentioned.

"Portuguese. Reference has already been made to the beginning of this Portuguese work under Rev. J. R. S. Leite. One-half of his salary is paid by the Home Mission Society, one-fourth by the State Convention and one-fourth by our City Union.

"Chinese. The Chinese work is encouraging under Pastor Chau. The entire problem of the Chinese work in San Francisco is being carefully studied by the Oriental Workers Council and the Home Missions Council in New York to, if possible, work out some plan that will preclude overlapping of the work of the different denominations.

"Russian. The Russian work has continued under many difficulties this last year. Our Sunday School has been materially increased in strength. We have had before us a proposition from the Presbyterians, who are building a Christian center house on Potrero Hill, for the Baptists to

co-operate with them in the educational and social work, referring church work among the Russians to the Baptists alone. The Presbyterian house is nearly completed at a cost of \$30,000. The need in that district is great. We are requested, in the plan of co-operation, to appoint six members of a board of twelve, who will have charge of the neighborhood house work, the other six to be appointed by the Presbyterians. But just at this time comes the information from the Woman's Home Mission Society that because of the financial situation it will not be possible for them to continue the support of Miss Dietz in this work; that it is necessary for them to curtail their missionary work, and they feel that they cannot withdraw any of their workers from the Chinese school here, but are withdrawing Miss Dietz instead. We believe that if our influence among the Russians is to be continued in this community we must have a woman worker, and would recommend that one be appointed with our own funds, without the co-operation of the Woman's Society, and that we do co-operate with the Presbyterians along the line suggested.

"There is much other foreign-speaking work that we should be undertaking in this district. We ought to be looking forward in the very near future to putting an Italian missionary to work. It is interesting to know that there are some 13,000 Italians now living in Oakland among whom there is absolutely no protestant Christian work being done; 35,000 or more Italians in San Francisco and two protestant missions among them. And when we remember that there is no protestant work being done among the Poles and Czecho-Slovaks and many other of the foreign-speaking groups in this entire district, our churches are challenged to answer to God for the neglect of these people.

Church Edifice Work

"Central. There is one Baptist church building in the process of erection, Central Church of San Francisco. Long since having outgrown its building, it has suffered from lack of room. They are now well under way in the construction of the new building, which will cost about \$15,000, by utilizing the old building as part of the new structure. Effort was made to procure a corner lot, but this was found impossible without moving out of the strategic location which the church now holds. However, when completed they will have a very satisfactory and convenient church and Sunday School plant. Our union has given \$5000 for this work.

The church held services in the new auditorium on Easter Sunday and are pushing forward as rapidly as possible to complete the structure.

“Burlingame. The Burlingame church, which had expected to put on a building enterprise before this time, has been compelled to postpone this activity for the present.

“Thousand Oaks. The Thousand Oaks church has been worshipping in a portable school house, owned by the city of Berkeley, but have now purchased splendid lots within one block of the Thousand Oaks station of the Southern Pacific and across the street from the Thousand Oaks school and the Thousands Oaks library. They are now raising funds for the building enterprise and have \$8000 subscribed in addition to the \$2000 that was given by our City Union. They should have the first unit of their building ready for occupancy this fall. And when that is done they will be in position to really move forward and appeal to the community in the proper way.

“Albany Mission. We have added to the Albany Mission building, practically doubling its capacity, at a cost of about \$800, of which our City Union has paid \$379.33. The result has already been apparent in the work there as the Sunday School has practically doubled in attendance.

“Twenty-first Avenue, San Francisco. The need has been great in this field for additional equipment, especially for Sunday School and social work. The lot owned by the church is small, only 40x100 in size, and prices have been rapidly increasing in the field. Having had an opportunity to purchase two lots, 25x120 each, immediately in the rear of our present property on 21st Avenue, our union has advanced the first payment, \$2000, in order to procure these lots for the church, and make it possible for the church to go forward in its present location. It will, of course, be impossible to take any steps toward improvement on these lots until the church procures a pastor.

“Mt. Pleasant. The item that appears in the Treasurer’s report concerning the Mt. Pleasant Church property covers the payments made by the church to our City Union and by us paid on the purchase price of the property now occupied by them. They are still indebted \$3900 on their property, which is in the nature of a store building rather than a church edifice, but it is meeting their present needs.

“Chinese, San Francisco. As has already been mentioned in this report, the Home Mission Society has purchased a

lot adjoining the present Chinese Mission, making possible the enlargement of that building when occasion justifies.

Imminent Needs, Edifice Work

"Mexican. One of the first things we should do to forward edifice work is to procure a building for our Mexican work. This should probably be in Oakland, south of 10th Street and somewhere between Market and Franklin. It should be in the nature of a Christian Center, as well as a chapel.

"New Hope (Negro). If this church is to continue to exist it must have a place for worship beside a rented hall. There is a very large Negro population in West Oakland that should probably be ministered to either by means of building a new building for the New Hope Church or else the building of a Christian Center.

"Richmond. The need for a new building is great. Their present lot is not large enough to build on as it should be built and they are looking forward to procuring a new building site. They are not financially able to do what is needed without mission aid.

"Bethany. Our Bethany building is a disgrace to the denomination. This community is rapidly growing, and if we are to make an impression upon them by the Baptist Church we must give them a decent building in which to worship and make proper provision for their Sunday School.

"Portuguese. The fact of our having undertaken Portuguese work in this district will mean that we must make provision for a chapel of some kind for their work.

"We ought to have \$100,000 to put into church edifice work within the next two years. The Board of Promotion has agreed to allow this sum of \$100,000 from the askings of the Home Mission Society on the New World Movement. This simply means that we can have it if we can raise it, but that credit will be given on the New World Movement for it.

Week-day Bible School

"We have since the first of December put on a Week-day Bible School as a demonstration in the 23rd Avenue Baptist Church, Oakland, under the efficient leadership of Mrs. N. F. Turner. They have reported a total enrollment of 124, with an average attendance of 58. They have maintained sessions for four different grades and the feeling is that we have demonstrated that our Baptist churches can very effectively

put on this type of work. We hope that this work may be extended the coming year. In this one demonstration school the Union has paid the salaries of all the workers. We feel that in the future there should be some division of this expense by the Union and the churches that we might be able to help a larger number of schools.

Finances

"Our Union has received from all sources, as will be shown by the Treasurer's report, the grand total sum of \$33,949.91, having spent \$33,347.51. The full import of these figures will be appreciated when it is remembered that three years ago the total amount spent for missions in this district was \$2638.33. The largest item of receipts has come from the General Board of Promotion, \$11,932.13. This amount has been available to us only because of the appeal we have made to the other cities that were in the survey and their release of these funds to San Francisco, New York, Brooklyn and Detroit, being the largest releasers of funds to our work. It had been expected that we would receive exactly the same amount from the Northern California Baptist Convention as we received from the General Board of Promotion. The Convention has not, however, paid over as large an amount because of the lack of funds allowed to them by the General Board.

"We have received from the Home Mission Society \$7188, an increase of \$280 over the year previous. The special item of \$4484.55 was for the purchase of the lot adjoining the Chinese Mission building, which is held in the name of the Home Mission Society. In one sense that should not have been on our books, but the money was paid to our treasury and we were requested to buy the property for them, so having passed through our books it needs this explanation. It further represents an actual expenditure for mission work in the Bay district.

"The item of \$1526.95, special designated funds for the Thousand Oaks Church, appears as from the Board of Promotion because arrangements have been made that the gifts made to that church for their edifice work shall be credited on the New World Movement and charged to the Home Mission Society and the sum paid through our treasury for the benefit of the Thousand Oaks Church.

"The item of \$700.38 was money that has been in the hands of the former existing organization known as the

Baptist Church Extension Society of Alameda County, and which this year was turned into the treasury with the understanding that it should be used in Baptist work in Alameda County. Inasmuch as it came into our hands just about the time that we voted an appropriation to the Thousand Oaks Church to help them in the purchase of their lot in North Berkeley, we have considered that that has been used as a part of that appropriation and so has already been expended in Alameda County.

"Looking forward into the coming year, it is impossible for us at this time to tell just what income we may expect from the General Board of Promotion, and it will probably not be possible to have a definite answer to that question until after the meeting at the Northern Baptist Convention. When it is known that we have gone beyond what we did last year in giving, it will be difficult to convince us that our needy work here should suffer serious curtailment because of the failure of other parts of the country to meet their share of the financial responsibility of the denomination. We shall have to work this matter out at the Board of Promotion meeting and in the fullest co-operation with our State Convention.

New World Movement

"The churches in the Bay district have responded splendidly to the New World Movement. They have given during the past year \$75,917.19 to the New World Movement, and the magnitude of that giving is the more appreciated when it is known that for the two years preceding the total gifts from these same churches were \$68,394.21, and there are only five churches in the entire metropolitan district that did not give more to the New World Movement this past year than they had given for the two years previous. Viewed from another angle, the giving of the churches in this district represents over one-half of the giving of the churches in the State Convention field. The total giving of the churches in the Convention field amounted this year to \$150,722.81 of which this district gave \$75,917.19. Let it be remembered in this connection that our churches have but little more than one-fourth of the total membership of the Convention field. From another angle, growth of the work in this district is shown from a statement that the year preceding the organization of our City Union the total gifts from all of the churches in this district were \$11,971.50, out of a total gifts \$45,207.92.

That means the missionary giving of our churches has increased within the three years more than 500 per cent, while the gifts of the churches outside of this district have increased but little more than 150 per cent. Three years ago this district was giving little more than one-fourth of the gifts of the entire state; now nearly one-half.

“Respectfully submitted,

(Signed) “C. E. TINGLEY,

“Secretary.”

On motion the report was adopted.

The Nominating Committee, consisting of Rev. W. C. Spencer, Mr. W. A. Wann and Dr. A. S. Phelps presented the following names for members of the Board of Directors for term expiring in 1925: H. H. Harris, F. H. Faber, Rev. J. A. Dennis, Dr. John Snape, F. M. Davidson, Mrs. W. Dimock and Dr. E. A. Hanley. They nominated for President Mr. F. M. Davidson and for Vice President Mr. C. A. Cross.

On motion the report of the Nominating Committee was adopted and the Secretary was instructed to cast a unanimous ballot for the names above mentioned, and the ballot was so cast.

Dr. A. S. Phelps mentioned that word has been received concerning the very serious illness of Dr. J. Q. A. Henry, formerly pastor of the First Church in San Francisco, and on motion it was voted to send a night letter to him, expressing the prayers and sympathy of the Baptists of this Bay district.

After prayer by Mr. C. A. Cross, the meeting adjourned from the banquet room to the auditorium of the church, where, after a devotional service led by Dr. A. S. Phelps, Secretary Tingley introduced Rev. E. R. Brown of Los Angeles, Superintendent of the Spanish-speaking work for the Home Mission Society, who gave an address. Dr. A. W. Moore of New York, representing the Negro work of the Home Mission Society, was also introduced and spoke for a short time. Dr. Charles R. Shepherd, Superintendent for Chinese work, then presented the new moving pictures of Chinese work in America, entitled “America’s Children of Cathay,” after which the Union adjourned.

C. E. TINGLEY, Secretary.
